

# About your international certificates

In this document you'll find two international corona certificates, each with a separate QR code.

## **You have a certificate with a QR code for your:**

- first vaccination dose (1/2)
- second vaccination dose (2/2)
- third vaccination dose (3/3)

## **Which QR code should I use?**

Which QR code you have to show depends on the demands of the country you're visiting. Please note: these demands can change.

You've received more than two vaccination doses. QR codes of extra doses aren't widely accepted yet. At this time, most countries will require the QR code of your dose 2/2.

**Before leaving, please always check which certificate you need at your destination at [netherlandsworldwide.nl](https://netherlandsworldwide.nl).**
